MEMORANDUM FOR: Director of Central Intelligence

FROM: Director, Office of Legislative Liaison

SUBJECT: Weekly Report

At 9:30 a.m. on Thursday, 10 May, the Executive Director will appear before the House Government Operations Subcommittee on Government Information, Justice, and Agriculture to present testimony in support of H.R. 5164, our FOIA legislation. We have been informed by the Subcommittee staff that the bill will be amended to add on a provision which would prohibit agencies from using the Privacy Act as a basis for withholding information under the FOIA. This provision would not affect CIA but is opposed by the Department of Justice. With the addition of the amendment, we believe the bill should move quickly up to the full Government Operations Committee for its consideration in June.
